Product Feature：

- Equipped with Intel 12th and 13th generation processors.
- Full metal base with reserved fixed installation holes, stable and reliable.
- Protect your eyes and save energy.
- Dual memory, support hard disk expansion slot.
- High-definition screen, narrow frame design.

Product Specification

Product Series	Cloud Computing All-in-One Machine OX24U Series
CPU	Support 12th/13th generation CPU
Chipset	Intel H610
Memory	2x SODIMM memory slots, supporting up to 64GB DDR4 3200/2933/2666 memory modules
Storage	1xM.2 2280 slot (supports SATA/NVME PCI-E3.0x4 mode) 2xSATA3.0 interfac 512GB M.2 SSD (NVME), maximum support 1TB
IO	Bottom: 4 x USB 3.2, 1xRJ45 (RTL8111H), 1xAudio out +1xMic in, 1xHDMI, 1 x COM Right: 2xUSB2.0, 1x 2-in-1 audio port; Left: 1 power switch button, screen brightness adjustment button
others	Supports WIFI5/6, Bluetooth 5.0
Screen Size	23.8''
Screen Type	IPS screen, LED backlight
Resolution	1920 x 1080
VESA	Support wall mounting, VESA standard: 100mmx100mm
Anti-theft	Support anti-theft lock of Kensington
Special Function	Support auto-start when power-on and remote wake-up
Power Supply	Adapter: 120W
AIO Size	541.5*405* 47.1（mm）
AIO Size without Base	541.5*324.2* 47.1（mm）
Operating temperature	-10℃~50℃
Operating humidity	10%RH~90%RH (no condensation)
